NECOTRANS is a network of African agencies specialized in shipping agency, stevedoring, and freight forwarding.

The NECOTRANS network started in 1989, and aimed at offering alternative solutions to multinationals on the African West Coast. Today, NECOTRANS is the first independent network of shipping agencies on the West Coast of the African continent. The NECOTRANS network is now able to offer full services in 16 countries, from Senegal to South Africa.

SHIPPING AGENCY

NECOTRANS is a ship agent for liner-vessels, tramps and tankers.

A coordination platform based in Paris ensures the link between the ship owners' agencies offering a reliable follow up of the port calls 7/7 days.

CARGO/HANDLING

All NECOTRANS agencies handle the loading and discharge of vessels as well as, if required, the warehousing, custody and packaging of goods.

TRANSPORT

Be it for the import of the export, the African NECOTRANS agencies offer a complete forwarding service, (customs, warehousing, container – stuffing, re-forwarding to landlocked countries) for nearly every kind of cargo (bagged goods, containers, rolling material, heavy equipment, etc...)
