

Seaforth Shipping (Kenya) Limited Seatrade Agencies Ltd.

Kenya, Tanzania

History

Seaforth Shipping (Kenya) Ltd. was founded in 1975. The company is locally registered with its head office in Mombassa and branch offices in Nairobi and Dar-es-Salaam. Seatrade Agencies is a brand name within the Seaforth Group created to overcome potential conflicts and allow certain principals unique market identity.

Other Activities:

Seaforth have been appointed as World food Program's protecting agent for all their bulk/break bulk cargoes through the Port of Mombassa. They have had business handling vessels for C.R.S. and several other aid agencies and their advice on shipping matters is frequently sought on cargo movements by CARE, US AID, USDA and The Australian Wheat Board.

Seaforth was elected the Multiport Ship Agency Network Member for Kenya effective January 1, 1999. Seaforth Shipping was established to provide entire range of shipping services to ship owners, operators, and cargo interests in East Africa.

Our service profile encompasses Liner & Tramp agencies, Stevedoring, Freight Forwarding and NVOCC operations. Seaforth and Seatrade Ltd. operate together in Kenya and in Tanzania to form the largest independent shipping agency company in East Africa.

Liner & Tramp Agencies

Seaforth offers Liner Agency services to ship owners with interests in East Africa. Our services in this area relate to handling their vessels at Mombasa, Dar-es-Salaam, & Tanga and Mtwara as protecting agents.

Material Handling

Stevedoring and handling of bulk and breakbulk cargoes is a specialized function for us supported by reliable specialist sub-contractors. We undertake discharge and loading of vessels at all major East African ports.

We are able to offer a 'one stop shop' service to ship owners and cargo interests for stevedoring, warehousing, customs clearance, lighterage and inland deliveries.

Integrated Services

Seaforth in association with partner companies and an international network is able to provide end-to-end logistics and complete supply chain management solutions. We are also one of the largest NVOCC operators in East Africa handling large volumes of export cargoes as well as servicing inbound cargo from numerous countries of the world. Our experience in this field makes us the first stop for many exporters to destinations not on the regular shipping lanes.

Cruise Ships

We have considerable experience in handling Cruise vessels calling Mombasa, Dar-es-Salaam, Zanzibar and some smaller ports in East Africa.
